JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Monday - 19 March 1973

1. [redacted] Jerome Levinson, Counsel, Senate Foreign Relations Subcommittee on Multinational Corporations, called to say he had their interrogatory ready and would like us to pick it up as soon as possible and obtain Bill Broe's answers. He said they would like the answers back at the earliest opportunity, and he asked whether Broe would be prepared to appear and read the answers to the Subcommittee. I said I did not understand this arrangement was contemplated in the Director's agreement. He said he would expect Broe's answers to be under oath. I said I didn't know what the Director's position on this was but we would look into it. 25X1

2. [redacted] Talked with Guy McConnell and Jim Calloway, Senate Appropriations Committee staff, about their visit to Headquarters for briefings on Thursday. They find they will not be able to spend all day at the Agency and have suggested we make it a morning only meeting without lunch. Followup briefings can be arranged on a half-day basis as necessary. 25X1

I also explained to McConnell, in Bill Woodruff's absence, that there was no inconsistency between the calendar year figures which Ted Shackley gave at the briefing of the two Senate CIA Subcommittees last week and Woodruff's records on a fiscal year basis on Reserve withdrawals. I pointed out the money withdrawn from the Reserves in November 1970 was not actually spent until after the first of the year, making it a calendar 1971 expenditure rather than calendar 1970.

3. [redacted] Called Guy McConnell, Senate Appropriations Committee staff, and Ed Braswell, Senate Armed Services Committee staff, and alerted them to the fact that GSA would be announcing tomorrow afternoon that the contract for the Agency motor pool service building was being awarded to C.S.H. Contractors, Inc., of Adelphi, Maryland, at a cost of approximately $1 million. The building consists of 16,340 square feet. Construction will begin next month and will be completed in approximately one year. 25X1 25X1
